1. About the Institute

Sample Institute of Technology (SIT) was founded in 1998 in the city of Greenfield. The institute offers four-year B.Tech programmes in four branches: Computer Science and Engineering, Electronics and Communication Engineering, Mechanical Engineering and Civil Engineering.

SIT has about 3,000 students and 180 faculty members. The academic year has two semesters. The odd semester runs from July to November and the even semester runs from January to May.

This handbook explains the rules every student must follow, covering attendance, examinations and grading, the code of conduct and the use of the library.

2. Attendance Policy

A student must maintain at least 75 percent attendance in each subject to be eligible for the end-semester examination.

Students whose attendance is between 65 and 75 percent may sit the examination only if they submit a medical certificate approved by the Dean of Students. A condonation fee of 500 rupees per subject is charged in such cases.

Students whose attendance falls below 65 percent in any subject are detained and must repeat that subject in the next academic year.

3. Examinations and Grading

Each subject is assessed out of 100 marks: 40 marks come from internal assessment and 60 marks come from the end-semester examination. A student needs at least 40 percent overall to pass a subject.

Grades are awarded as follows: O for 90 and above, A+ for 80 to 89, A for 70 to 79, B for 60 to 69, C for 50 to 59, P for 40 to 49, and F for below 40.

A student who wants a paper re-evaluated must apply within 7 days of the result being announced and pay a fee of 300 rupees per paper.

4. Code of Conduct

Every student must carry the college ID card on campus at all times. Mobile phones must be kept on silent mode inside classrooms and laboratories.

SIT follows a zero-tolerance policy on ragging. A student found guilty of ragging can be suspended for up to one year or expelled from the institute.

For plagiarism, the first offence results in zero marks for that assignment. A second offence results in failing the entire course.

5. Library Rules

The library is open from 8:30 AM to 8:00 PM, Monday to Saturday, and is closed on Sundays and public holidays.

A student may borrow up to 4 books at a time for a period of 14 days. A late fee of 5 rupees per day is charged for every overdue book. Reference books and journals cannot be taken out of the library.

If a borrowed book is lost, the student must pay twice its cost. Students can use the digital library from home with their student login.
